FOR THE
CONFERENCE
BY

Not a textbook—but a

HANDBOOK OF ENGLISH FOR BOYS AND GIRLS

Prepared by a Committee of the National Conference on Research in English:

POOLEY — KIBBE — LA BRANT

To PRESENT the ordinary forms of English usage which children may need to use in their daily activities in school or elsewhere.

- **in convenient well-indexed form**
- **in a style and vocabulary that pupils in grades four, five, and six can easily understand**
- **not a textbook, but as a handy reference tool that can be used to supplement any series of textbooks or any system of teaching English**

Write for examination pages.

They Know
Where They're Going
with

GROWTH IN ENGLISH

For Grades 3 - 9. By Simpson, Adams, Douglass, Fowler

DEFINITE ATTAINMENTS, CLEARLY STATED

Each unit organized around a specific attainment — "Tell Complete Thoughts in Sentences," "Tell Thoughts in Order," "Keep to the Point," "Use New Words," etc.— so that goals are always in mind.

A SUPERLATIVELY WELL-PLANNED PROGRAM

No attainment dropped after presentation but followed through with reteaching, practice, and checking in subsequent units. An unequalled organization. See Charts of Attainments and compare with any other series.

No wonder users comment: "Growth in English answers a long-felt need." "Results surpass our fondest expectations." . . . "Marked improvement is noticeable." . . . "Pupils actually achieve 'growth in English.'"
